

SCHOOL DISTRICT NO. 71 (COMOX VALLEY)

POLICY MANUAL

POLICY:	6060
Date:	February 25, 1997
Revision:	0

School Traffic Patrols

In order to address student pedestrian traffic problems, schools and Parents' Advisory Councils may wish to establish school traffic patrols made up of volunteers and/or students. The Board of School Trustees will approve school traffic patrol systems provided a number of conditions are met, including approval from the appropriate municipality.

The Board expects that management will develop regulations detailing the process required for establishing school traffic patrols.
